How to print from Mac
Drag your favorite items into the toolbar...

... or drag the default set into the toolbar.

Show: Icon and Text  

Use small size  

Done
Available printers for mac are: cscp2-mac, cscp3-mac, cscp4-mac, hpintel
When the first print job is send to the printer it will ask for username and password to connect to the print server. You should use your WINDOWS user name and password.

If you don’t have one please sent a mail to system@cs.tau.ac.il
