

LIST OF PUBLICATIONS

ARTICLES

- E. Lehrer, B. Weiss
An epsilon-free Rohlin lemma.
Ergodic Theory and Dynamic Systems, 2 (1982), 45-48.
- E. Lehrer, S. Nitzan
Some general results on the metric rationalization of social *Journal of Economic Theory*, 37 (1985), 191-201.
- E. Lehrer
Topological mixing and uniquely ergodic systems.
Israel Journal of Mathematics, 2 (1987), 239-255.
- E. Lehrer
A note on the monotonicity of V_n .
Economics Letters, 23 (1987), 341-342.
- E. Lehrer
An axiomatization of the Banzhaf value.
International Journal of Game Theory, 17 (1988), 89-99.
- E. Lehrer
Repeated games with stationary bounded recall strategies.
Journal of Economic Theory, 46 (1988), 130-144.
- R. Holtzman, E. Lehrer, N. Linial
Some bounds for the Banzhaf index and other semi values.
Mathematics of Operations Research, 13 (1988), 358-363.
- E. Lehrer
Lower equilibrium payoffs in two players repeated games with non-observable actions.
International Journal of Game Theory, 18 (1989), 57-89.
- E. Einy, E. Lehrer
Regular simple games.
International Journal of Game Theory, 18 (1989), 195-207.
- E. Lehrer
Nash equilibria of n -player repeated games with semi-standard information.
International Journal of Game Theory, 19 (1990), 191-217.

- E. Lehrer
On a representation of a relation by a measure.
Journal of Mathematical Economics, 20:1 (1991), 107-118.
- I. Gilboa, E. Lehrer
Journal of Mathematical Economics, 20 (1991), 443-459.
- E. Lehrer
Internal correlation in repeated games.
International Journal of Game Theory, 19 (1991), 431-456.
- I. Gilboa, E. Lehrer
Global games.
International Journal of Game Theory, 20 (1991), 129-147.
- E. Lehrer, H. Pant
Israel Journal of Mathematics
- E. Lehrer
Correlated Equilibria In Two-Player Repeated Games with Nonobservable Actions
Mathematics of Operations Research, 17 (1992), 175-199.
- E. Lehrer
Two-Player Repeated Games with Nonobservable Actions and Observable Payoffs
Mathematics of Operations Research, 17 (1992), 200-224.
- E. Kalai, E. Lehrer
Rational learning leads to Nash Equilibrium.
Econometrica, 61 (1993), 1019-1045.
- E. Kalai, E. Lehrer
Subjective equilibrium in repeated games.
Econometrica, 61 (1993), 1231-1240.
- E. Lehrer
Bounded variation of V_n and its limit.
International Journal of Game Theory, 22 (1993), 1-42.
- E. Lehrer, D. Monderer
Discounting versus averaging in dynamic programming.
Games and Economic Behavior, 6 (1994), 97-113.
- E. Lehrer, D. Monderer
Low discounting and the upper long-run average value.
Games and Economic Behavior, 6 (1994), 262-282.

- E. Lehrer
Finitely many players with bounded recall in infinite repeated.
Games and Economic Behavior, 7 (1994), 390-405.
- E. Kalai, E. Lehrer
Weak and strong merging of opinions.
Journal of Mathematical Economics, 23 (1994), 73-86.
- E. Kalai, E. Lehrer
Subjective games and equilibria.
Games and Economic Behavior, 8 (1995), 123-163.
- E. Lehrer, R. Smorodinsky
Compatible measures and merging.
Mathematics of Operations Research, 21 (1996), 697-706.
- E. Lehrer
Mediated talk.
International Journal of Game Theory, 25 (1996), 177-188.
- E. Lehrer, R. Smorodinsky
Large games with incomplete information.
Games and Economic Behavior, 18 (1997), 116-134.
- E. Lehrer, S. Sorin
One-shot public mediated talk.
Games and Economic Behavior, 20 (1997), 131-148.
- E. Lehrer
Comparison of experts.
Journal of Mathematical Economics, 30 (1998), 207-214.
- E. Lehrer, S. Sorin
 ϵ -consistent equilibrium.
International Journal of Game Theory, 27 (1998), 231-244.
- E. Kalai, E. Lehrer, R. Smorodinsky
Calibrated forecasting and merging.
Games and Economic Behavior, 29 (1999), 151-169.
- E. Lehrer, A. Pauzner
Breaking of barriers of the feasible set: on repeated games with different discount factors.
Econometrica, 67 (1999), 393-412.

- E. Lehrer, L. Yariv
Repeated games with incomplete information on one side: the case of different discount factors.
Mathematics of Operations Research, 24 (1999), 204-218.
- E. Lehrer, R. Smorodinsky
Relative entropy in sequential decision problems.
Journal of Mathematical Economics, 33 (2000), 425-439.
- E. Lehrer, Z. Neeman
The scope of voluntary bargaining under asymmetric information.
The Review of Economic Studies, 67 (2000), 309-326.
- E. Lehrer
Any inspection is manipulable.
Econometrica, 69 (2001), 5, 1333-1347.
- E. Lehrer
Allocation processes in cooperative games.
International Journal of Game Theory, 31 (2002), 341-351.
- E. Lehrer
Approachability in infinitely dimensional spaces.
International Journal of Game Theory, 31 (2002), 255-270.
- E. Lehrer
A wide range no-regret theorem.
Games and Economic Behavior, 42 (2003), 101-115.
- E. Lehrer
The game of normal numbers.
Mathematics of Operations Research, 29 (2004), 259-265.
- E. Lehrer
Updating non-additive probabilities – a geometric approach.
Games and Economic Behavior, 50 (2005), 42-57.
- E. Lehrer, E. Solan
Excludability and bounded computational capacity strategies.
Mathematics of Operations Research, 31 (2006), 637-648.
- E. Lehrer, E. Shmaya
A subjective approach to quantum probability.
Proc. R. Soc. A, 462 (2006).

- E. Lehrer, D. Rosenberg
What restrictions do Bayesian games impose on the value of information?
Journal of Mathematical Economics, 42 (2006), 343-357.
- E. Lehrer, S. Sorin
Minmax via differential inclusion.
Convex Analysis, 14, 2 (2007), 271-273.
- Y. Azrieli, E. Lehrer
Categorization generated by prototypes – an axiomatic approach.
Journal of Mathematical Psychology, 51 (2007), 14-28.
- Y. Azrieli, E. Lehrer
Market games in large economies with a finite number of types.
Economic Theory, 31 (2007), 327-342.
- Y. Azrieli, E. Lehrer
On some families of cooperative fuzzy games.
International Journal of Game Theory, 36 (2007), 1-15.
- Y. Azrieli, E. Lehrer
Extendable cooperative games.
Journal of Public Economic Theory, 9 (2007), 1069-1078.
- Y. Azrieli, E. Lehrer
The value of a stochastic information structure.
Games and Economic Behavior 63 (2008), 679-693 .
- E. Lehrer, R. Teper
The concave integral over large spaces,
Fuzzy sets and systems, 159 (2008), 2130-2144.
- E. Lehrer, E. Shmaya
Two remarks on Blackwell's theorem.
Applied Probability, 2 (2008), 580-586.
- E. Lehrer, E. Solan
Approachability with bounded memory.
Games and Economic Behavior, 66 (2009), 995-1004.
- E. Lehrer
A new integral for capacities
Economic Theory, 39 (2009), 157-176.
- A. T. Kalai, E. Kalai, E. Lehrer, D. Samet
A commitment folk theorem
To appear in *Games and Economic Behavior* (2009)

- E. Lehrer, D. Rosenberg, E. Shmaya
Signaling and mediation in games with common interests,
To appear in *Games and Economic Behavior* (2009)
- E. Lehrer, D. Rosenberg
A note on the evaluation of information in zero-sum repeated games,
To appear in *Journal of Mathematical Economics* (2009)

Submitted for Publication or Under Revision

- E. Lehrer
Partially specified probabilities: decisions and games, under revision
AER, Micro (2006)
- B. De Meyer, E. Lehrer and D. Rosenberg
Evaluating information in zero-sum games with incomplete information on both sides under revision
Mathematics of Operations Research (2007)
- E. Lehrer, D. Samet
Agreeing to agree: Why we cannot agree on the odds that your firm is more profitable than mine, under revision
Theoretical Economics (2007)
- E. Lehrer, E. Solan, Y. Voissat
Equilibrium payoffs of finite games. (2007)
- E. Lehrer, R. Teper
Justifiable preferences, under revision
Journal of Economic Theory (2009)

Other papers

- E. Lehrer, D. Rosenberg, E. Shmaya
Signaling and mediation in Bayesian games. (2006)
- E. Lehrer
A comment on two examples by Machina. (2007)
- E. Lehrer
Coherent risk measures induced by partially-specified probabilities. (2007)

- E. Lehrer, E. Solan
A general internal regret-free strategy. (2008)
- E. Lehrer, M. Scarsini
Dynamic cooperative games. (2009)
- E. Lehrer
Approachability with delay. (2010)
